

Be Safe. Be Stylish. Be Healthy.

Behavioral Health Series™

With a broad range of solutions for healthcare environments, SARGENT products provide a unique combination of aesthetics, safety, security, and durability that is unmatched in the industry.

BHL Trim

BHW Trim

BHD Trim

ALP Trim

BHW Trim

The BHW trim provides an innovative solution for behavioral health environments. The unique integrated lever and escutcheon combines aesthetics with safety.

Features

- Accepted by the New York State Office of Mental Health (OMH) for use in high risk areas
- Aesthetic, modern design with integrated lever and escutcheon
- For use on SARGENT 8200 Series and 9200 High Security Series mortise locks
- Stainless steel finishes standard
- ADA Compliant
- Patent Pending

Benefits

- Strong and durable: lock exceeds ANSI/BHMA Grade 1 requirements to withstand abusive environments
- Versatile: 30+ functions, including electrified and behavioral health specific; can be used on many opening types
- Minimizes risk: helps contribute to patient safety with unique design; available with MicroShield® antimicrobial coating

ALP Trim

You need it all: heavy-duty push/pull hardware that is flexible, easy to use and aesthetically pleasing. The push/pull trim provides all that and more. Appropriate for behavioral healthcare settings and beautiful enough for healing environments, this trim offers multiple mounting options and easy operation, even when your hands aren't free.

Features

- For use on mortise or bored locks
- Available in 40+ functions and a full range of finishes
- Electrified options provide connection to access control
- ANSI/BHMA Grade 1
- MicroShield® antimicrobial finish option
- "Push" and "Pull" identification available for paddles
- ADA Compliant

Benefits

- Beautiful: sleek, aesthetic form aligns with evidence-based design approach to healing environments
- Strong and durable: Grade 1 locks hold up to abusive environments
- Flexible: multiple mounting orientations allow customized openings
- Easy open: paddle shape and location create target for door activation without using hands, and push/pull motion is easy to operate

BHL Trim

With an array of functions, the BHL trim can be used on virtually any opening in healthcare environments. Sloping surfaces and overlapping rose and lever address safety concerns common in behavioral health facilities. Perfect for tough environments, the BHL trim provides impressive strength and reliability.

Features

- Overlapping lever and rose construction
- Stainless steel finishes standard; MicroShield® antimicrobial coating optional
- Matching behavioral health thumbturn available
- ADA Compliant

Benefits

- Strong and durable: lock exceeds ANSI/BHMA Grade 1 requirements to withstand abusive environments
- Flexible: 20+ functions, including electrified; can be used on many opening types
- Minimizes risk: Sloped surfaces and overlapping rose with lever address common concerns in behavioral health environments
- Simple retrofit: Upgrade existing openings easily; uses standard mortise door prep

BHD Trim

The BHD Trim is designed to provide additional safety on openings that withstand extreme abuse, vandalism and malicious impact. It is well-suited for Psychiatric and minimum security detention facilities, as well as exposed perimeter doors in commercial facilities

Features

- Overlapping knob and rose construction, with sloped surfaces throughout
- Stainless steel finishes standard; MicroShield® antimicrobial coating optional
- Matching behavioral health thumbturn available
- For use on SARGENT 7800 Series and 9200 High Security Series mortise locks

Benefits

- Strong and durable: lock exceeds ANSI/BHMA Grade 1 requirements to withstand abusive environments
- Flexible: 30+ functions; can be used on many opening types
- Minimizes risk: helps contribute to patient safety with unique design
