\_\_\_\_\_ (Signature or Initial by System Administrator Only)

**"OPT-OUT" Option (System Type DG2 & DG3 Only):** By selecting this option I elect not to use the sequentially numbered registrations certificates and agree to substitute them with a Letter of Authorization.

### Degree DG1 Required Administrative Documents:

- Mandatory; all new systems will require a completed System Information Document (orders can not be entered without this document). The fully executed original document will be kept on file at Sargent Manufacturing.
- Subsequent order requirement. A letter of authorization will be required if the product is shipped to an address other than what's recorded on the System Administration Document, and/or if the address on the purchase order is different than what is listed on the System Information Document.

### Degree DG2 & DG3 Required Administrative Documents:

- Mandatory; all new systems will require a completed System Information Document (orders can not be entered without this document). The fully executed original document will be kept on file at Sargent Manufacturing.
- Subsequent order requirement: A specific randomized security code will be required for each order unless "Opt-Out" has been authorized by the systems administrator.
- If the "Opt Out" option is ***NOT*** selected
  - o A correct system specific (randomized) security code must be included with each subsequent order.
    - Security codes are specific to each order.
  - o If the shipping address is other than the one listed on the System Information Document, a Letter of Authorization signed by one of the recorded authorized representatives of the facility is required.
  - o Letter of Authorization must contain the same shipping address that appears on the customer's Purchase Order.
  - o Letters of Authorization will not be kept on file at factory.
  - o Without the proper security code, Letter of Authorization, or if the shipping address is other than what's listed on the System Information Document, the order cannot be processed.
- If the System Administrator elects not to use security codes as part of the authorization process, the "Opt Out" option can be authorized by the system administrator.
  - o If the "Opt Out" option ***IS*** selected
    - A system-specific security code is not required.
    - Letter of Authorization must be signed by one of the facility's authorized representatives.
    - If the shipping address is other than the one listed on the System Information Document, a Letter of Authorization will be required.
    - Letter of Authorization must contain the same shipping address that appears on the customer's Purchase Order.
    - Letters of Authorization will not be kept on file at factory.
