

New Recycling Program

Product Bulletin

Lifecycle Recycling Program

SARGENT is pleased to announce a new recycling program for products that have reached the end of their useful life, continuing our commitment of being environmentally responsible.

ASSA ABLOY's work on sustainability is integrated throughout the value chain as a natural part of what we do. Sustainability initiatives are based on an ongoing analysis, and involve both internal and external stakeholders.

This free program is available for all SARGENT products that have reached their end-of-life and are beyond the product's warranty period.

To participate in this program, follow the guidelines listed below:

- No credits or exchanges will be issued.
- All packing, freight and handling expenses are the responsibility of the sender.
- Only SARGENT products may be returned and they must be free from building materials adjacent to or attached to the products.
- All products to be returned under this program must have an RGA (Returned Goods Authorization) prior to shipping. Contact Customer Service for RGA form.
- All returns for recycling are subject to SARGENT's pre-approval. We reserve the right to limit or refuse any request.
- After RGA has been approved, send products to: RECYCLE PEOL, Sargent Manufacturing, 100 Sargent Drive, New Haven, CT 06511.

For additional information, contact your ASSA ABLOY Door Security Solutions sales consultant, call SARGENT at 800-727-5477 or visit www.sargentlock.com.
